SUMMARY

Over 20 years of experience in business administration and management with proven ability to organize, research and develop new concepts. Exceptional relationship building skills, able to lead, motivate, and develop successful strategies for policies, procedures and higher sales. Familiar with all aspects of business including ownership, management, merchandising, inventory and labor controls. I possess a strong commitment to guest satisfaction, fresh food and great service.

EXPERIENCE

*United National Consumer Suppliers (UNCS), **President***

Jan 2019 - Present

United National Consumer Suppliers (UNCS) moves products. UNCS is a wholesale distribution company that sources products worldwide and strategically places them within consumer markets with the highest efficiency. The UNCS mission is to offer unsurpassed, customized service and use forward-thinking innovation to provide outside-the-box solutions to manufacturers who need to move merchandise. Whether it's overstock, package change, past season, closeouts, excess goods or other opportunities, UNCS can help. UNCS is able to pass deep savings on to clients because of its long-standing partnerships with vendors forged over the past 14 years. These partnerships allow UNCS to maximize purchasing power and in combination with an optimized, industry standard supply chain, our clients can maximize profit. UNCS believes in the "life-long-transaction" and takes pride in building relationships, not just "doing deals". The UNCS team takes the time to understand the specific goals of our vendors and loyal customers, including brick-and-mortar retail stores and e-commerce enterprises so that it can strive to deliver the greatest customer service in the industry.
